

APPENDIX A Source Interlink Career Opportunity Form

POSTING DATE: 11/09/09

POSITION: Systems Developer

DEPARTMENT: IT

LOCATION: Bonita Springs, FL

REPORTS TO: Dir, Systems Development

FUNCTIONS:

We are seeking a highly motivated developer with minimum 5 yrs software development experience and a strong background in Microsoft technologies especially using MS .NET. This position will provide .NET application leadership in analysis, design, development, deployment and support for in-house developed applications. Strong written and verbal communication and presentation skills are essential, as this position will work with people at all levels within the organization to define business requirements.

REQUIRED QUALIFICATIONS:

- Bachelor's Degree in Computer Science or related field or equivalent experience
- 5+ years software development and systems analysis experience
- Experience programming in the Microsoft .Net Framework
- Proven experience to design and deliver reusable, maintainable, and flexible enterprise level architectures.
- Object oriented design and development
- Working knowledge of Project Life Cycle and Systems Development Life Cycle
- Oracle or SQL Server Stored Procedures programming experience
- Experience programming in a Windows environment
- Experience with Microsoft IIS/Windows
- Detailed and task oriented
- Self motivated.
- Proven leadership skills
- Good technical and user documentation skills
